As we do every bid cycle, we request bids three to five years in advance. We are in the process of receiving bids for the 2021, 2022, and 2023 events and beyond. Additionally, our staff was looking at format changes to satisfy future growth of the event.

When an Indianapolis center closed, it was clear the current tournament format could not be supported without additional centers in Indianapolis being added. Format changes would allow us to host the event in Indianapolis in 2021

With discussions started during the RFP process, we identified Las Vegas as available and interested in hosting the event for 2020. The Las Vegas contracts were finalized, at which time we informed Indianapolis of our intent to return in 2021 with the new format that could support the current number of lane beds available in Indianapolis.

As we already have a letter of agreement in place, we intend to go to Indianapolis in 2021.

**10. How much impact did the PWBA at the opening ceremony have on the decision to move to Las Vegas?**

None, we were looking to host this event at the 2020 Junior Gold Championships regardless of location.
